Tuesday 29 January 2019

Dear Parents

We are advising you that Shropshire Community Health NHS Trust is being visited by the Care Quality Commissioners (CQC) this week.

This means our Nursing and Therapy services may receive a visit in school. Should this occur the CQC Inspectors will be in school for a short period of time meeting with various health professionals and observing some of their work.

All CQC staff have passed through the relevant checks and have authorisation to be in school.

If you require further information on this please contact Sally Crighton, Service Manager for Children's Community Nursing Team on 01743 450855

Yours sincerely

Sally Crighton
Children's Community Nursing Service Manager
